

## Beta Testing Report Form

### VICOM-128 Web Site Development

Web Developer: Matthew Dalsanto Date: December 11<sup>th</sup>, 2017  
 Project: Final Project Web Page Testing Assistant: Matthew Dalsanto

#### Usability Testing Feedback

	Comments
What stands out the most? Why?	Center box - There isn't a whole lot to the site yet.
Logical Navigation to all pages in site	Available on all pages at the top.
Overall Functionality	Functions exactly as one would expect.

#### Look & Feel Feedback

	Comments
Visual Appeal (aesthetics)	The Space Theme looks good. Just needs images from the C# game once it's complete.
Appropriate Use of Colors & Graphics	Colors in my opinion are good. Images will be complete by the final deadline.
Consistency throughout site	Consistency maintains throughout the site.

#### Bug Testing Report

	Comments		
Typos, Spelling, & Grammar	There isn't much as far as text to the site - I want to wait till the game is complete first.		
Links Function & Images Display	Images aren't complete yet. Links too -		
Browser Compatibility (looks & responds the same in all tested browsers)	Browser #1: <u>Chrome</u> good	Browser #2: <u>Firefox</u> good	Browser #3: <u>Microsoft + Edge</u> good
